<sup>1</sup> References to "KM" in this document are to the victim of the marriage fraud. The victim's true name is contained on the discovery that has been provided to defense counsel. The government's belief in this case is that many of the documents that appear under the name "KM" were not, in fact, submitted by her. This list, therefore, describes the names that appear on the relevant documents but makes no representation about who actually sent the documents listed.
